That was before I was called into our EOC to help support for the response to the Gold King Mine Release. I have now spent both weekend days working (long day yesterday) and it appears I will be doing EOC work for the next few weeks. So I am hoping I can hand this back to you. I expect I will be working in EOC in support for the next few weeks and may be deployed (for same) to Durango depending on the response goes and other EPA people resources.
